CSE 233 – FALL 2022 – LAB RULES

- Microsoft Teams will be used for making course announcements and providing all the necessary documents. Please register CSE 233 course's page and do not forget to check it out regularly throughout the semester. Please check which session you are in before you come to the lab.

- The course is given in Electronics Engineering Building - No. 110 at the Electronics and Circuits Laboratory.

- You have the right to be absent for **only one lab session** during the semester. Those who do not participate in two of the seven labs will take an **NA grade** (without excuse). **Any documented excuse (like illness, accident, exam, etc.)** is excluded from these attendance situations. In such a case, you should send a mail (fesirci@gtu.edu.tr) by adding your document showing your reason.

- Lessons will be held for seven weeks except for the final lab. It will be announced from the course page in case of a change in the dates. Estimated Lab weeks are:

LAB1	05.10.2022
LAB2	12.10.2022
LAB3	26.10.2022
LAB4	09.11.2022
LAB5	23.11.2022
LAB6	07.12.2022
LAB7	14.12.2022
FINAL	21.12.2022 or 28.12.2022

- A student's lab grade in that week is determined according to her/his preliminary preparation, the number of successfully completed experiments, and how long it takes to complete the experiment.

- **The responsibility for the materials to be used in the lab belongs to the students**. The Assistant is not responsible for the experiment interrupted due to a lack of test material.

- After the experiment, **each group should collect the lab desk and leave it clean.** 20 points are deducted from the lab grade of the groups that do not follow this rule.

- The experiment of the students who do the following behaviors is terminated and the lab grade is evaluated as 0.
    - Exchange information between groups during the lab hour,
    - Using another student's pre-experimental preparation,
    - Leaving lab desk without his assistant's permission,
    - Those who act to disrupt the class order.
